1. WHAT TERMS APPLY TO DATA ACCESS AND TRANSMISSION SERVICES?

- 1.1 If specified in the Order, we will provide:
- Our Equipment and the access tail connecting the Customer Equipment to Our Backbone and/or internet (**Access Services**); and
 - transmission services enabling the transmission of data across your network, using Our Backbone within Australia and other Providers for international destinations.
- 1.2 We will provide Access Services to the Premises, and at the speeds or bandwidths, specified in the Order. Subject to **clause 1.3**, we will determine the appropriate access technology having regard to availability, technical feasibility and any other factors we consider relevant.
- 1.3 For each Access Service, we may conduct a pre-installation service qualification process (**Service Qualification**) in which case:
- we may decide not to proceed with the installation of an Access Service if we reasonably believe, based on the findings of the Service Qualification, that: (i) the Access Service may fail on installation; or (ii) the installation cannot be undertaken safely;
 - if the Order specifies that an Access Service will use xDSL access technology at a site, then as part of the Service Qualification, we will also determine: (i) copper pair availability; (ii) line quality of the copper pair; and (iii) copper pair distance from the exchange to the site; and
 - if the Order specifies that an Access Service will use fixed wireless (microwave) access technology at a site, then as part of the Service Qualification, we will also determine: (i) the structural condition of any Premises on which the technology will be installed; and (ii) whether any environmental factors may affect the performance or operation of the Access Service.
- 1.4 We will notify you if we decide not to proceed with the installation of an Access Service for any reason, in which case you may cancel that Access Service by notice to us, and no early cancellation charges will be payable in respect of that cancellation of those Access Services. You may also request an alternative Access Service in accordance with **clause 1** of the Trading Terms.

2. WHAT TERMS APPLY TO INTERNET SERVICES?

- 2.1 If specified in the Order, we will provide you with access to the internet and enable you to upload and download data from the internet (**Internet Services**).
- 2.2 Service Level Guarantees apply to accessing the internet but not to the operation of the internet outside Our Core Network.
- 2.3 To the extent permitted by law and except to the extent set out in the relevant Service Level Guarantee for accessing the internet, neither we nor Our Providers give any warranties or guarantees, or make any representations (express or implied), regarding the Internet Services. You are solely responsible for:
- all consequences of your use of the Internet Services, including any service interruptions or failures, and any access to, or loss or corruption of, Customer Content, or your access to other content, even if those consequences are caused by a Provider's intentional or negligent acts or omissions; and
 - any associated Liabilities you or anyone else may incur.
- 2.4 We are not responsible for monitoring, throttling or otherwise controlling your use of the Internet Services or any content you access. However, we may block, limit or otherwise alter your access to or use of the Internet Services without incurring any Liabilities to you or anyone else pursuant to **clause 4** of the Trading Terms and our Acceptable Use Policy.

3. WHAT TERMS APPLY TO MANAGED CPE SERVICES?

- 3.1 If specified in the Order, we will provide managed customer premises equipment services in relation to Rented Equipment or Customer Equipment (**Managed CPE Services**) that may comprise maintenance, the monitoring of the WAN port, the regular back-up of configurations and the provision of remote support services (including external programming changes).
- 3.2 The Managed CPE Services do not include:
- monitoring of any local area network ports or other WAN ports not connected to Our Backbone; and
 - support where supply of the Services is interrupted by a failure or malfunction of your property, any Customer Equipment, computer software or power supply.
- 3.3 Additional Charges may apply if our Personnel need to attend any Premises to support the relevant Equipment the subject of the Managed CPE Services, (including an upgrade of any internal operating system software).
- 3.4 We are not responsible or Liable for any failure of the Equipment, or any failure by us to provide Managed CPE Services, where the failure is caused or contributed to by any act or omission of you, your Personnel or another person under your direction or control, your failure to upgrade any operating system software in the Equipment or any failure of, or malfunction in, any Customer Equipment or the power supply to any Premises.

4. WHAT TERMS APPLY TO RENTED EQUIPMENT SERVICES?

- 4.1 If specified in the Order, we will provide the following support services for any Rented Equipment provided to you that may comprise:
- the supply and maintenance of the Rented Equipment and operating system software;
 - upgrades to the Rented Equipment and operating system software; and
 - the repair and maintenance of the Rented Equipment in accordance with any applicable Service Levels.
- You acknowledge that the Rented Equipment may not be new at the time we supply it to you.
- 4.2 If we provide you any software in connection with the Rented Equipment, we may vary the applicable monthly charges for that software on 30 days' notice to reflect any variations to our Providers' licensing fees and other charges.
- 4.3 We are not responsible or Liable for any failure of the Rented Equipment or related support services, where the failure is caused or contributed to by any act or omission of you, your Personnel or another person under your direction or control or any failure of, or malfunction in, any Customer Equipment or the power supply to any Premises.

- 4.4 If we receive notice from the manufacturer of any Rented Equipment supplied to you that it will cease supporting the operating system software for that Rented Equipment from a date specified in the notice (**End of Life Date**) we may notify you, and you will then have 14 days to notify us in writing of your election to either:
- replace the affected Rented Equipment. In that case, you must pay us all Charges set out in the Provisioning Request relating to the replacement of the Rented Equipment; or
 - retain the affected Rented Equipment, in which case we will not be responsible for any operating system software support issues that arise in relation to the affected Rented Equipment after its End of Life Date, or for any related Liabilities suffered or incurred by you or anyone else.
- If you do not notify us of your decision within the 14-day period or do not sign the Provisioning Request relating to the replacement Rented Equipment, you will be deemed to have decided to retain the affected Rented Equipment and **clause 4.4(b)** will apply.

- 4.5 If you request us to replace any Rented Equipment (other than under **clause 4.4** due to our notification of its End of Life Date):

- if we notify you that, in our opinion, the applicable Rented Equipment is capable of being redeployed to another customer then you must permit us to collect the applicable Rented Equipment at the time of installation of the replacement Rented Equipment;
- if we notify you that, in our opinion, the applicable Rented Equipment is not capable of being redeployed to another customer and following such notification, you still wish to proceed with the replacement, then you will be liable to pay us 100% of the Minimum Charges that apply to that Rented Equipment;
- if you do not return the Rented Equipment to us in accordance with **clauses 4.5(a) or 4.5(b)**, then **clause 6.2(d)** of the Trading Terms will apply; and
- the applicable Charges for the replacement Rented Equipment will be set out in a new Provisioning Request.

- you must configure the Customer Managed Routers using the specifications and policies we notify to you, including: (i) the internal operating system software version specifications; and (ii) the quality of service (QoS) configuration (together, the **Required QoS Configuration**); and
 - you must not change the Required QoS Configuration without our prior written approval (to be granted in our discretion and subject to any conditions which we consider necessary). If we approve your proposed changes to the Required QoS Configuration you will be solely responsible for implementing those changes.

- (g) nothing in this Agreement gives you ownership of, or any interest in, any IP addresses we allocate to you or Our Equipment. Title to Our Equipment stays with us or the relevant third-party owner at all times and you must not purport to transfer, sell, hire or give away Our Equipment, or any rights in relation to Our Equipment (including any mortgage, pledge, charge, lien or other encumbrance or security interest); and

9.2 Additional Charges may apply if you exceed any agreed usage limits specified in the Order. Additional Charges may also apply if our Providers inform us that additional work is required in connection with the installation or provisioning of the Data Services. If additional Charges are applicable, you will be notified prior to the commencement of installation or provisioning.

10. ARE THERE ANY SERVICE LEVEL GUARANTEES?

To claim a rebate under a Service Level Guarantee, you must notify us of the events giving rise to the claim within 60 days of their occurrence. Rebates will not be provided if you do not notify us within that timeframe.

- (a) any rebates payable under a Service Level Guarantee are your sole and exclusive remedy for our failure to achieve the Service Levels set out in the Service Level Guarantee or to otherwise provide the Services or to satisfy any other service levels (if any) and any such failure does not constitute a breach of the Agreement;
- (b) the maximum amount of rebates payable to you in respect of any Service in any calendar month will not exceed the total Charges payable for that Service for that month. This amount may be pro-rated for periods of less than a full month;
- (c) only one rebate is payable in respect of any single incident or sequence of related incidents, even if they give rise to more than one rebate claim. If this occurs, we will determine the single rebate that applies;
- (d) any service levels not set out in a Service Level Guarantee (if any) are indicative targets only and any failure to satisfy those service levels does not constitute a breach of this Agreement. Other than your right to claim rebates under a Service Level Guarantee, we exclude all Liability to you for any failure to satisfy any service levels not expressly included in the Service Level Guarantee.
